

Join our dynamic **multidisciplinary team** at Maroondah Osteopathy and Sportscore!

MAROONDAH OSTEOPATHY & SPORTSCARE

EXERCISE PHYSIOLOGIST

(0.5-0.75 FTE) NEW GRAD WELCOME!

Who Are You?

Are you an **enthusiastic, motivated and charismatic** AEP who is interested in **sports, junior athletes** and helping all clients reach their **full potential**?

Do you have **exceptional** communication skills?

Are you a people person who has a **patient centered** care approach?

Do you want to be part of a multi-disciplinary team?

Are you looking for a job with lots of **variety** such as group classes, 1:1's, clinical rehab, injury prevention, improved performance with a largely motivated patient base?

Bring your **laughter, passion and drive to learn** with you and you will fit right into our allied health team at Maroondah Osteopathy and Sportscore.

About Us

You will be working alongside our 4 **Experienced AEPs** in both an individual and group setting. This will allow you the opportunity to learn and grow with a diverse range of clients and treatment options. Our AEPs consult out of our **dedicated Clinical Exercise Physiology and Pilates gym**, in addition to running clinics and seminars throughout the community.

You will also collaborate with our wider team of 13 passionate allied health practitioners, our dedicated administration team, who all align with our **core values** of Understanding, Growth, Personalised Care, Empowerment and Community.

What We Offer

Established Thriving Clinic - Multi- Disciplinary Team with an established and large network of support within the local community from both private patients, GP clinics and other allied health clinics.

Diverse Patient Base - Largely private based clientele, with a range of conditions from musculoskeletal pain and injury, sports conditioning, pre- and post-surgical rehab, pediatrics, teens, women's health, metabolic, cardiac and NDIS.

Regular Planned Mentoring and a Thorough Onboarding Process - Using both our EP team and other disciplines our Supervision and Mentoring will ensure you feel supported.

Growth on a Professional and Personal level - With regular team meetings our clinic has an emphasis on quality treatment, clear patient and inter-practitioner communication and social events. We offer organised CPD calendar, including 2 full day CPD sessions, and collaborative case studies across the allied health team.

Competitive Remuneration and Bonus System - Salary based employment and achievable KPI's focused around team-work, contribution to clinic, communication, quality patient care and professional growth.

Flexible Work Practices - We use online practice management software and have extended opening hours to ensure you can have a good work life balance.
